SCOPE OF WORK: The contractor shall furnish all labor, supervision, licensure, transportation, material, tools, equipment, supplies and incidentals required to perform roof and gutter services described herein on an “as needed” time and materials basis in accordance with the terms and conditions and specifications set forth herein. All work performed under this contract shall be performed in accordance with the standards listed below and any revisions thereto, which are incorporated into this contract in their entirety: Building Officials and Code Administrators (BOCA); Roof and Gutter System and Component Manufacturer’s Recommended Procedures; and CPSM Appendix/Roofing. The Owner will not furnish any tools, equipment parts, materials or storage space to the Contractor.

The Contractor shall only assign personnel who are certified and qualified to work on each type of roof and gutter system or component listed in this contract.

Within five (5) working days of the award of the contract, the Contractor shall be available to perform roof and gutter services as requested by the Owner. The Contractor shall assign only personnel who can obtain proper clearances as issued by the University Police Department, University of Mary Washington. The Agency reserves the right to reject any Contractor employee who, in the Agency's opinion, is not qualified to perform the work under this contract. The Contractor shall not be responsible for roof systems which are under warranty and shall not proceed with repairs to such warranted systems unless specifically directed by the Owner.

On-Call Emergency: The Contractor will be notified by telephone whether or not requested roof/gutter work is "critical" and thus an emergency. Roof and gutter work of an emergency nature shall be commenced within one (1) calendar day of notification by the Owner. The Contractor shall prepare and submit a written estimate of the man-hours and materials which will be required to perform any on-call/emergency repairs; however, due to the emergency nature of such work, a verbal preliminary estimate will suffice as long as it is followed up in a timely manner with written confirmation. On-call/emergency repairs may be made only with the authorization of the Owner. Upon authorization, actual repair work shall not exceed the Contractor's estimate of man-hours and materials by 10% without the Owner's prior written or verbal approval. All on-call/emergency repair services shall be performed on a time and material basis unless it is determined that the cause of the failure or malfunction was due to the Contractor's failure to properly perform roof and gutter repair services. In this case, such repairs shall be made at no cost to the Owner. On-call/emergency repairs authorized by the Owner which occur after normal working hours, shall be accomplished at the after-hours rate. If regular time work must be carried over into after-hours and the Contractor wishes to continue to work beyond normal working hours, authorization must be obtained from the Owner before continuing.

Routine Roof and Gutter Repair Service: The Contractor shall, upon written or telephonic request from the Owner, visit the work site within three (3) working days, examine the scope of the work requested, and furnish the Owner with a non-binding written estimate of the types of labor, time, materials and target date for completion (or number of days to complete after commencement). The Contractor, in establishing the target date for completion, will take into account the time required to obtain delivery of material and other work being accomplished. Upon review and acceptance of the estimate, the Owner will issue a specific work order. The Owner reserves the right to verify the price reasonableness of each estimate. If the estimate is determined to be excessive, the Owner reserves the right to seek the services of another vendor. Work must be commenced on all assigned jobs within five (5) working days of receipt or notification of the work order. The Contractor shall properly dispose, off of the Owner's property, all excess materials in accordance with existing local, Commonwealth of Virginia and Federal rules and regulations regarding such disposal. The recycling of these materials is encouraged.

Hours of Operation: All routine roofing and gutter repair service shall be performed (unless mutually agreed upon by the Contractor and the University) during the University's normal business hours, which are 8:00AM – 5:00PM, Monday through Friday, with the exception of holidays.

GENERAL TERMS AND CONDITIONS: Please refer to the link to follow regarding [Required General Terms and Conditions](#) of this Contract.

SPECIAL TERMS AND CONDITIONS:

ADDITION AND/OR DELETION OF COVERED BUILDINGS: Without penalty, during the contract period, buildings may be acquired, and new buildings constructed or renovated; which would necessitate addition or deletion of these buildings from the contract.

Additional Goods and Services may include other products, components, accessories, subsystems or related services that are newly introduced during the term of the Agreement. Newly introduced additional Services will be provided to the University at favored nations pricing, terms, and conditions.

ANTITRUST: By entering into a contract, the contractor conveys, sells, assigns, and transfers to the Commonwealth of Virginia all rights, title and interest in and to all causes of action it may now have or hereafter acquire under the antitrust laws of the United States and the Commonwealth of Virginia, relating to the particular goods or services purchased or acquired by the Commonwealth of Virginia under said contract.

ASBESTOS: Whenever and wherever during the course of performing any work under this contract, if the contractor discovers the presence of asbestos or suspects that asbestos is present, he shall stop the work immediately, secure the area, notify the University Contract Administrator, and await positive identification of the suspect material. During the downtime in such a case, the contractor shall not disturb any surrounding surfaces but shall protect the area with suitable dust covers. In the event the contractor is delayed due to the discovery of asbestos or suspected asbestos, then a mutually agreed extension of time to perform the work shall be allowed the contractor but without additional compensation due to the time extension.

AS BUILT DRAWINGS: The contractor shall provide the University a clean set of reproducible “as built” drawings and wiring diagrams, marked to record all changes made during installation or construction. The contractor shall also provide the University with maintenance manuals, parts lists and a copy of all warranties for all equipment. CANCELLATION OF CONTRACT: The University reserves the right to cancel and terminate any resulting contract, in part or in whole, without penalty, upon sixty (60) days’ written notice to the Contractor. 2. The University may order changes within the general scope of the contract at any time by written notice to the contractor. Changes within the scope of the contract include, but are not limited to, things such as services to be performed, the method of packing or shipment, and the place of delivery or installation.  - a. By mutual agreement between the parties in writing; or
 - b. By agreeing upon a unit price or using a unit price set forth in the contract, if the work to be done can be expressed in units, and the contractor accounts for the number of units of work performed, subject to the University’s right to audit the contractor’s records and/or to determine the correct number of units independently; or
 - c. By ordering the contractor to proceed with the work and keep a record of all costs incurred and savings realized. A markup for overhead and profit may be allowed if provided by the contract. The same markup shall be used for determining a decrease in price as the result of savings realized. The contractor shall present the University with all vouchers and records of

expenses incurred and savings realized. The University shall have the right to audit the records of the contractor as it deems necessary to determine costs or savings. Any claim for an adjustment in price under this provision must be asserted by written notice to the University within thirty (30) days from the date of receipt of the written order from the University. If the parties fail to agree on an amount of adjustment, the question of an increase or decrease in the contract price or time for performance shall be resolved in accordance with the procedures for resolving disputes provided by the Disputes Clause of this contract or, if there is none, in accordance with the disputes provisions of the Commonwealth of Virginia Manual for Institutions of Higher Education and Their Vendors. CONTRACTOR EMPLOYEE REQUIREMENTS – BACKGROUND SCREENS: The Contractor shall ensure that its employees have undergone background screening and possess all necessary qualifications to comply with the terms of this contract, including, but not limited to all terms related to data and intellectual property protection and physical protection and safety of students, faculty and staff. To this end, all contractor staff considered for full-time or part-time employment on any property owned, leased or otherwise acquired by UMW, shall undergo a background screening, the cost of which shall be incurred by the Contractor, after an offer has been extended, and prior to commencement of work on any UMW property. If Contractor employs the use of a staffing company to provide seasonal or temporary labor at any point during any term of the contract, including optional renewals, background screening shall be performed by Contractor's contractor to the same extent as for any full-time or part-time Contractor staff.

- a. The results of background checks shall be directed solely to the Contractor, including any criminal convictions. Consideration shall be given to the relationship to the job, how long ago the conviction occurred, the potential risk posed to employees, customers, campus and Contractor, and any other circumstances deemed relevant to the final determination of whether to employ or retain the employee. Conviction information shall be maintained as confidential to the Contractor. If a conviction is found to be relevant to the role and the decision is made not to proceed, the Adverse Action Process shall be commenced, in accordance with the Fair Credit Reporting Act.
- b. Notwithstanding any other provision herein, and to ensure the safety of students, faculty, staff and facilities, UMW reserves the right to approve or disapprove any contract employee that will work on UMW property. Such request shall be in writing and state the reason. Such reason must be for good cause and may not be for an illegal reason. Disapproval by the University will solely apply to UMW property and should have no bearing on the Contractor's empowerment of an individual outside of UMW.
- c. UMW reserves the right to audit a Contractor's background check process at any time.
- d. All Contractor employees shall have a duty to self-disclose any criminal conviction(s) occurring while assigned to the UMW campus. Such disclosure shall be made to the Contractor.

If authorized by the Contractor(s), the resultant contract(s) will be extended to the entities indicated above to purchase goods and services in accordance with contract terms. As a separate contractual relationship, the participating entity will place its own orders directly with the contractor(s) and shall fully and independently administer its use of the contract(s) to include contractual disputes, invoicing and payments without direct administration from the University. No modification of this contract or execution of a separate agreement is required to participate; however, the participating entity and the contractor may modify the terms and conditions of this contract to accommodate specific governing laws, regulations, policies, and business goals required by the participating entity. Any such modification will apply solely between the participating entity and the Contractor.

The Contractor will notify the University in writing of any such entities accessing this Contract. The Contractor will provide semi-annual usage reports for all entities accessing the Contract. The University

shall not be held liable for any costs or damages incurred by any other participating entity as a result of any authorization by the Contractor to extend the Contract. It is understood and agreed that the University is not responsible for the acts or omissions of any entity, and will not be considered in default of the Contract no matter the circumstances.

The Contractor is strongly encouraged to offer additional discounts to all contract participants as the result of increasing aggregated spend among all entities accessing the contract. A plan for extending deeper discounts among all contract participants will be requested during negotiations.

DEBARMENT STATUS: By participating in this contract, the vendor certifies that they are not currently debarred by the Commonwealth of Virginia or any affiliated agency from submitting a response for the type of goods and/or services covered by this contract. Vendor further certifies that they are not debarred from filling any order or accepting any resulting order, or that they are an agent of any person or entity that is currently debarred by the Commonwealth of Virginia. If a vendor is created or used for the purpose of circumventing a debarment decision against another vendor, the non-debarred vendor will be debarred for the same time period as the debarred vendor.

DEFAULT: In case of failure to deliver goods or services in accordance with the contract terms and conditions, the Commonwealth, after due oral or written notice, may procure them from other sources and hold the contractor responsible for any resulting additional purchase and administrative costs. This remedy shall be in addition to any other remedies which the Commonwealth may have.

MINIMUM INSURANCE COVERAGES AND LIMITS:

1. Workers' Compensation - Statutory requirements and benefits. Coverage is compulsory for employers of three or more employees, to include the employer. 3. Commercial General Liability - \$1,000,000 per occurrence and \$2,000,000 in the aggregate. - d. The following shall be deemed to be the date of payment: the date of postmark in all cases where payment is made by mail, or the date of offset when offset proceedings have been instituted as authorized under the Virginia Debt Collection Act.
- e. Unreasonable Charges. Under certain emergency procurements and for most time and material purchases, final job costs cannot be accurately determined at the time orders are placed. In such cases, contractors should be put on notice that final payment in full is contingent on a determination of reasonableness with respect to all invoiced charges. Charges which appear to be unreasonable will be researched and challenged, and that portion of the invoice held in abeyance until a settlement can be reached. Upon determining that invoiced charges are not reasonable, the Commonwealth shall promptly notify the contractor, in writing, as to those charges which it considers unreasonable and the basis for the determination. A contractor may not institute legal action unless a settlement cannot be reached within thirty (30) days of notification. The provisions of this section do not relieve an agency of its prompt payment obligations with respect to those charges which are not in dispute (Rules Governing Procurement, Chapter 2, Exhibit J, Attachment 1 §53).
