It is intended for the resulting contract to include cooperative language for the benefit of all public bodies and other entities referenced herein. The current contract expires April 30, 2026. There has been an estimated annual spend of \$50,000 for these services which does not include Athletic Flooring refinishing. ***The University will not guarantee actual contract usage in any amount during any period of the resulting contract, nor will it be held responsible in any way if contract usage exceeds or does not meet this estimate.***

IV. CONTRACT PARTICIPATION – COOPERATIVE PURCHASING/USE OF AGREEMENT BY THIRD PARTIES:

Under the authority of §6 of the Rules Governing Procurement of Goods, Services, Insurance and Construction by a Public Institution of Higher Education of the Commonwealth of Virginia (copy available at https://vascupp.org/sites/vascupp/files/2022-08/Governing%20Rules_with_foreword_final_August%202022.pdf), it is the intent of this solicitation and resulting contract(s) to allow for cooperative procurement. Accordingly, any public body (to include government/state agencies, political subdivisions, etc.), cooperative purchasing organizations, public or private health or educational institutions or any University related foundation and affiliated corporations may access any resulting contract if authorized by the contractor.

A. Participation in this cooperative procurement is strictly voluntary. If authorized by the Contractor(s), the resultant contract(s) may be extended to the entities indicated above to purchase goods and services in accordance with the contract terms. As a separate contractual relationship, the participating entity will place its own orders directly with the Contractor(s) and shall fully and independently administer its use of the contract(s) to include contractual disputes, invoicing and payments without direct administration from UMW. No modification of this contract or execution of a separate agreement is required to participate; however, the participating entity and the Contractor may modify the terms and conditions of this contract to accommodate specific governing laws, regulations, policies, and business goals required by the participating entity. Any such modification will apply solely between the participating entity and the Contractor.

- B. UMW shall not be held liable for any costs or damages incurred by any other participating entity as a result of any authorization by the Contractor to extend the contract. It is understood and agreed that UMW is not responsible for the acts or omissions of any entity and will not be considered in default of the contract no matter the circumstances. Use of this contract(s) does not preclude any participating entity from using other contracts or competitive processes as needed.

V. SMALL, WOMAN-OWNED AND MINORITY-OWNED (SWAM) PARTICIPATION:

XI. SPECIAL TERMS AND CONDITIONS:

A. **SOLICITATION:**

1. **ACCEPTANCE PERIOD:** Any offer in response to this solicitation shall be valid for 90 days from the due date of proposal submissions. At the end of the 90 days the offer may be withdrawn at the written request of the offeror. If the offer is not withdrawn within 10 calendar days at the end of the stated Acceptance Period, the offer shall remain in effect, as-is, until an award is made, or the solicitation is canceled. If the offer specifies an alternative acceptance period than the one written here, the acceptance period shall be the longer of the two dates.
2. **ANNOUNCEMENT OF AWARD:** Upon the award or the announcement of the decision to award a contract resulting from a competitive solicitation process for any dollar value, or sole source procurement, the University will publicly post such notice on the DGS/DPS eVA VBO (www.eva.virginia.gov) for a minimum of ten (10) days.
3. **ANTITRUST:** By entering into a contract, the contractor conveys, sells, assigns, and transfers to the Commonwealth of Virginia all rights, title and interest in and to all causes of action it may now have or hereafter acquire under the antitrust laws of the United States and the Commonwealth of Virginia, relating to the particular goods or services purchased or acquired by the Commonwealth of Virginia under said contract.
4. **AWARD – RFP:** Selection shall be made of two or more offerors deemed to be fully qualified and best suited among those submitting proposals on the basis of the evaluation factors included in the Request for Proposals, including price, if so stated in the Request for Proposals. Negotiations shall be conducted with the offerors so selected. Price shall be considered, but need not be the sole determining factor. After negotiations have been conducted with each offeror so selected, the agency shall select the offeror(s)

The University may cancel this Request for Proposal, reject proposals at any time prior to an award, and is not required to furnish a statement of the reasons why a particular proposal was not deemed to be the most advantageous (Governing Rule §16). Should the University determine in writing and in its sole discretion that only one offeror is fully qualified, or that one offeror is clearly more highly qualified than the others under consideration, or if in the sole opinion of the University it is in the University's best interest to award to only one offeror, a contract may be negotiated and awarded to that Offeror. The award document will be a contract incorporating by reference all the requirements, terms and conditions of the solicitation and the contractor's proposal as negotiated. The University, in its sole opinion, reserves the right, if determined to be in the best interest of the University, to make:

- e. a multiple award

If this solicitation results in multiple awards, the University reserves the right to (i) issue a project or task directly to any awarded contractor when deemed in the University's best interest, or (ii) conduct a competitive selection among the awarded contractors for individual projects or tasks. The method of assignment will be determined by the University based on the nature, urgency, requirements, and the contractor capabilities.

5. **CANCELLATION OF CONTRACT:** The University reserves the right to cancel and terminate any resulting contract, in part or in whole, without penalty, upon sixty (60) days' written notice to the Contractor. Any contract cancellation notice shall not relieve the Contractor of the obligation to deliver and/or perform all outstanding orders issued prior to the effective date of cancellation. The Contractor shall be entitled to receive full compensation for all University-accepted services performed and/or goods received prior to the effective date of contract termination. Contractor shall not be entitled to, and hereby waives claims for lost profits and all other damages and expenses.

Such modifications or additions to the solicitation by the Offeror may be cause for rejection of the proposal; however, UMW reserves the right to decide on a case-by-case basis, in its sole discretion, whether to reject such a proposal. If the modifications or additions are not identified until after the award of the contract, the controlling version of the solicitation document shall still be the official state form (PDF) issued by UMW Procurement Services.

The same markup shall be used for determining a decrease in price as the result of savings realized. The contractor shall present the University with all vouchers and records of expenses incurred and savings realized. The University shall have the right to audit the records of the contractor as it deems necessary to determine costs or savings. Any claim for an adjustment in price under this provision must be asserted by written notice to the University within thirty (30) days from the date of receipt of the written order from the University. If the parties fail to agree on an amount of adjustment, the question of an increase or decrease in the contract price or time for performance shall be resolved in accordance with the procedures for resolving disputes provided by the Disputes Clause of this contract or, if there is none, in accordance with the disputes provisions of the Commonwealth of Virginia Manual for Institutions of Higher Education and Their Vendors. Neither the existence of a claim nor a dispute resolution process, litigation or any other provision of this contract shall excuse the contractor from promptly complying with the changes ordered by the University or with the performance of the contract generally.

Conviction information shall be maintained as confidential to the Contractor. If a conviction is found to be relevant to the role and the decision is made not to proceed, the Adverse Action Process shall be commenced, in accordance with the Fair Credit Reporting Act.
 - b. Notwithstanding any other provision herein, and to ensure the safety of students, faculty, staff and facilities, UMW reserves the right to approve or disapprove any contract employee that will work on UMW property.  - c. UMW reserves the right to audit a Contractor's background check process at any time.

Any modification and/or additions by the Contractor shall not modify the official version of the contract issued by UMW Procurement Services unless accepted in writing by the University.

10. COOPERATIVE PROCUREMENT/ADDITIONAL USERS - USE OF AGREEMENT BY THIRD PARTIES:

It is the intent of this solicitation and resulting contract(s) to allow for cooperative procurement. Accordingly, any public body (to include government/state agencies, political subdivisions, etc.), cooperative purchasing organizations, public or private health or educational institutions, or any University affiliated agency and/or corporation may access any resulting contract if authorized by the Contractor. Use of this Agreement does not preclude any participating entity from using other agreements or competitive processes.

Participation in this cooperative procurement is strictly voluntary. If authorized by the Contractor(s), the resultant contract(s) will be extended to the entities indicated above to purchase goods and services in accordance with contract terms. As a separate contractual relationship, the participating entity will place its own orders directly with the contractor(s) and shall fully and independently administer its use of the contract(s) to include contractual disputes, invoicing and payments without direct administration from the University. No modification of this contract or execution of a separate agreement is required to participate; however, the participating entity and the contractor may modify the terms and conditions of this contract to accommodate specific governing laws, regulations, policies, and business goals required by the participating entity. Any such modification will apply solely between the participating entity and the Contractor.

The Contractor will notify the University in writing of any such entities accessing this Contract. The Contractor will provide semi-annual usage reports for all entities accessing the Contract. For the purposes of this section, “*drug-free workplace*” means a site for the performance of work done in connection with a specific contract awarded to a contractor, the employees of whom are prohibited from engaging in the unlawful manufacture, sale, distribution, dispensation, possession or use of any controlled substance or marijuana during the performance of the contract.

17. **ECOLABELS AND STANDARDS:** The U.S. Environmental Protection Agency (EPA) has established recommended specifications, standards, and Ecolabels to assist with identifying and procure environmentally sustainable products and services. - 27. FRATERNIZATION:** The University is entrusted with the safety of all UMW community members at all times while on campus grounds. Any behavior by any contractor employee that is determined to be inappropriate by the Contract Administrator may be cause for request for removal of the contractor's employee from University property, at minimum, and/or result in contract termination.
- 28. INSPECTION:** All work and materials in each project shall be subject to final inspection by an authorized representative identified by the University. Any omission or failure on the part of such representative to disapprove or reject inferior work or defective work or materials shall not be construed to be an acceptance of any such work or material. If any defective work or materials are found during inspection, the Contractor shall remove or repair, at their own expense, such defective work or rejected material and shall correct and/or replace same without extra charge.
- 29. INDEPENDENT CONTRACTOR RELATIONSHIP:** In performing any and all of the services to be provided under this contract, the Contractor shall at all times and for all purposes be and remain an independent contractor. In no case and under no circumstances shall the Contractor or any of its employees, including but not limited to those of its employees actually performing any of the services, have authority to make any representations or commitments on behalf of the University or be considered the agent of the University for any purpose whatsoever. If to the Contractor:

- 32. NON-ASSIGNMENT:** Neither Party shall assign or transfer its rights or obligations under this Contract without the prior written consent of the other Party.
- 33. NON-EXCLUSIVE CONTRACT:** Nothing herein is intended nor shall be construed as creating any exclusive arrangement with the Contractor. The contract shall not restrict UMW from acquiring similar, equal or like goods and/or services from other sources.
- 34. OPERATING VEHICLES ON UMW CAMPUS:** Operating vehicles on sidewalks, plazas and areas heavily used by pedestrians is prohibited unless authorized by the University.
- 35. PAYMENT TERMS:**

- a. To Prime Contractor:
 - i. Invoices for items ordered, delivered and accepted shall be submitted by the contractor directly to the payment address shown on the purchase order/contract. All invoices shall show the state contract number and/or purchase order number. Any payment terms requiring payment in less than 30 days will be regarded as requiring payment 30 days after invoice or delivery, whichever occurs last. This shall not affect offers of discounts for payment in less than 30 days, however.
 - ii. All goods or services provided under this contract or purchase order, that are to be paid for with public funds, shall be billed by the contractor at the contract price, regardless of which public agency is being billed.
 - iii. The following shall be deemed to be the date of payment: the date of postmark in all cases where payment is made by mail, or the date of offset when offset proceedings have been instituted as authorized under the Virginia Debt Collection Act.
 - iv. Unreasonable Charges. Under certain emergency procurements and for most time and material purchases, final job costs cannot be accurately determined at the time orders are placed. In such cases, contractors should be put on notice that final payment in full is contingent on a determination of reasonableness with respect to all invoiced charges. Charges which appear to be unreasonable will be researched and challenged, and that portion of the invoice held in abeyance until a settlement can be reached. Upon determining that invoiced charges are not reasonable, the Commonwealth shall promptly notify the contractor, in writing, as to those charges which it considers unreasonable and the basis for the determination. A contractor may not institute legal action unless a settlement cannot be reached within thirty (30) days of notification. The provisions of this section do not relieve an agency of its prompt payment obligations with respect to those charges which are not in dispute (Rules Governing Procurement, Chapter 2, Exhibit J, Attachment 1 §53).
- b. To Subcontractors:
 - i. A contractor awarded a contract under this solicitation is hereby obligated:
 - 1) To pay the subcontractor(s) within seven (7) days of the contractor's receipt of payment from the Commonwealth for the proportionate share of the payment received for work performed by the subcontractor(s) under the contract; or
 - 2) To notify the agency and the subcontractor(s), in writing, of the contractor's intention to withhold payment and the reason.
- c. The contractor is obligated to pay the subcontractor(s) interest at the rate of one percent per month (unless otherwise provided under the terms of the contract) on all amounts owed by the contractor that remain unpaid seven (7) days following receipt of payment from the Commonwealth, except for amounts withheld as stated in (2) above. The date of mailing of any payment by U. S. Mail is deemed to be payment to the addressee. These provisions apply to each sub-tier contractor performing under the primary contract. A contractor's obligation to pay an interest charge to a subcontractor may not be construed to be an obligation of the Commonwealth.
 - i. Each prime contractor who wins an award in which provision of a SWAM procurement plan is a condition to the award, shall deliver to the contracting agency or institution, on or before request for final payment, evidence and certification of compliance (subject only to insubstantial shortfalls and to shortfalls arising from subcontractor default) with the SWAM procurement plan. Final payment under the contract in question may be withheld until such certification is delivered and, if necessary, confirmed by the agency or institution, or other appropriate penalties may be assessed in lieu of withholding such payment.
 - ii. The Commonwealth of Virginia encourages contractors and subcontractors to accept electronic and credit card payments.

36. PRICE ESCALATION/DE-ESCALATION: Price adjustments may be permitted for changes in the contractor's cost of materials not to exceed the increase in the following index/indices: CPI-Other Services. Price increases are only authorized at time of exercise of option. However, "across the board" price decreases are subject to implementation at any time and shall be immediately conveyed to the University. Contractor shall give not less than 30 days advance notice of any price increase to the procurement office. Any approved price changes will be effective only at the beginning of the next

exercised option period. The contractor shall document the amount and proposed effective date of any general change in the price of materials. Documentation shall be supplied with the contractor's request for increase which will: (1) verify that the requested price increase is general in scope and not applicable just to the University; and (2) verify the amount or percentage of increase which is being passed on to the contractor by the contractor's suppliers. The procurement office will notify the using agencies and contractor in writing of the effective date of any increase which it approves. However, the contractor shall fill all purchase orders received prior to the effective date of the price adjustment at the old contract prices. The contractor is further advised that decreases which affect the cost of materials are required to be communicated immediately to the purchasing office.

- 37. PRIME CONTRACTOR RESPONSIBILITIES:** The contractor shall be responsible for completely supervising and directing the work under this contract and all subcontractors that he may utilize, using his best skill and attention. Subcontractors who perform work under this contract shall be responsible to the prime contractor. The contractor agrees that they are as fully responsible for the acts and omissions of their subcontractors and of persons employed by them as the contractor is for the acts and omissions of his own employees.
- 38. PROCUREMENT MANUAL:** This solicitation and any resulting contract is subject to the provisions of the Commonwealth of Virginia Procurement Manual for Institutions of Higher Education and their Vendor's and any revisions thereto, which are hereby incorporated into this contract in their entirety. The manual may be viewed at <http://vascupp.org>.

- a. It is the goal of the University that 42% of its purchases are made from small businesses. This includes discretionary spending in prime contracts and subcontracts. Unless the bidder/offeror is registered as a Department of Small Business and Supplier Diversity (DSBSD) certified small business and where it is practicable for any portion of the awarded contract to be subcontracted to other suppliers, the contractor is encouraged to offer such subcontracting opportunities to DSBSD-certified small businesses. This shall not exclude DSBSD-certified women-owned and minority-owned businesses when they have received DSBSD small business certification. No bidder/offeror or subcontractor shall be considered a Small Business, a Women-Owned Business or a Minority-Owned Business unless certified as such by DSBSD by the due date for receipt of bids or proposals. If small business subcontractors are used, the prime contractor agrees to report the use of small business subcontractors by providing the procurement office at a minimum the following information: name of small business with the DSBSD certification number, phone number, total dollar amount subcontracted, category type (small, women-owned, or minority-owned), and type of product/service provided.

Payment(s) may be withheld until compliance with the plan is received and confirmed by the University. The University reserves the right to pursue other appropriate remedies to include, but not be limited to, termination for default.
- c. Each prime contractor who wins an award valued over \$200,000 shall deliver to the University on a quarterly basis, information on use of subcontractors that are not DSBSD-certified small businesses. When such business has been subcontracted to these firms and upon completion of the contract, the contractor agrees to furnish the procurement office at a minimum the following information: name of firm, phone number, total dollar amount subcontracted, and type of product or service provided.

46. SUBCONTRACTS: No portion of the work shall be subcontracted without prior written consent of the University. In the event that the contractor desires to subcontract some part of the work specified herein, the contractor shall furnish the procurement agency the names, qualifications and experience of their proposed subcontractors. The contractor shall, however, remain fully liable and responsible for the work to be done by its subcontractor(s) and shall assure compliance with all requirements of the contract.

- 49. SUBCONTRACTS:** No portion of the work shall be subcontracted without prior written consent of the University. In the event that the contractor desires to subcontract some part of the work specified herein, the contractor shall furnish the procurement agency the names, qualifications and experience of their proposed subcontractors. The contractor shall, however, remain fully liable and responsible for the work to be done by its subcontractor(s) and shall assure compliance with all requirements of the contract.
- 50. TESTING AND INSPECTION:** The Commonwealth reserves the right to conduct any test/inspection it may deem advisable to assure goods and services conform to the specifications.

For each flooring project, the contractor shall provide the following information in this regard:

 - ii. If so, please qualify the recycled material content. (i.e., percentage of post-consumer waste used in the manufacture of new goods; Forest Stewardship Council (FSC) certification, etc.)
- 55. WARRANTY:** All materials and equipment shall be fully guaranteed against defects in material and workmanship for a period of one year following installation or commercial warranty period whichever is greater. Should any defect be noted by the owner, the Procurement Office will notify the contractor of such defect or non-conformance. Notification will state either (1) that the contractor shall replace or correct, or (2) the owner does not require replacement or correction, but an equitable adjustment to the contract price will be negotiated. If the contractor is required to correct or replace, it shall be at no cost to the University and shall be subject to all provisions of this clause to the same extent as materials initially delivered. If the contractor fails or refuses to replace or correct the deficiency, the University may have the materials corrected or replaced with similar items and charge the contractor the costs occasioned thereby or obtain an equitable adjustment in the contract price.
- 56. WORK SITE DAMAGES AND PROTECTION OF PERSONS AND PROPERTY:** The Contractor agrees to take every precaution at all times for the protection of persons and property, including employees, students, and the public. Any damage, including damages to existing utilities, equipment, or finished surfaces,

57. WORK ESTIMATES (TIME AND MATERIAL CONTRACTS): Under a time and material flooring project, the contractor shall furnish the University with a non-binding written estimate of the total costs to complete the work required. The estimate must include the labor categories, the contractor's hourly rates specified in the contract, and the total material cost. Material costs shall be billed at contractor's actual invoice costs (contractor shall furnish copies of all invoices for materials) or discount off the list price, whichever is specified in the contract. If the University determines that the estimated price is not fair and reasonable, the University has the right to ask the contractor to reevaluate the estimate. If the revised estimate is determined to be not fair and reasonable, the agency reserves the right to obtain additional quotes from other vendors. A work order will be issued to the contractor, as the authority to proceed with the work, which will incorporate the contractor's estimate and the terms and conditions of the contract. The contractor and his/her personnel shall maintain an "hours worked" log adequate for the contract administrator to confirm labor hours.

58.
